

Sewing Bee

To be completed and brought
into school on:
Monday 7th April

Home Learning Task

For this half term we would like you to research and present something based on sewing that you are interested in – this could involve making something!

What to do

Your chosen area of interest can be presented in any way that suits you!
Be as creative as you like, it could be a sewing pattern for a piece of clothing, a poster on the history of sewing, a hand sewn item by your own hands! Go wild and do what you are interested and passionate about.

Success Criteria

To research sewing/ make an item through sewing:

- Choose an area of interest e.g. sewing styles, sewing patterns, sewing techniques etc
- Include information about your chosen area
- You might separate the chosen area into different sections and subheadings.
- Add any other information you think is interesting.
- Present your work beautifully.
- Make something by sewing!
