

# Roman Around

## Key Knowledge Fact Sheet - Year 3

The Romans successfully invaded Britain in 43CE.

The Romans believed in many different Gods and believed they helped them in different ways.

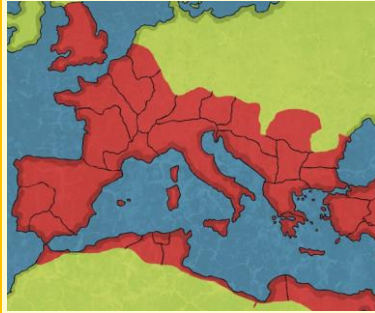

God of marriage

God of fire and eruptions.

God of the underworld.

The Roman Empire was dominant across Europe, meaning they took over lots of countries.

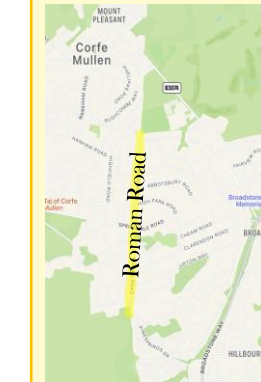

Their army excelled because they were well organised, highly trained at fighting and had a range of weapons.

Historians use different sources of evidence to discover different things about archaeology (human history and prehistory).

Britain's landscape was altered by the Romans building towns and long, straight roads.

Before

After

The Romans introduced many changes to Britain which have continued to affect modern British life.

They invented bath houses.

They introduced coins to use as currency.

They created a number system.
