Spring 2026

Dear Parents/Carers,

We were wondering if you might be able to help us?

We are part of TEACH Trust, four schools within the Canford Heath area. Music is a very important part of our Multi-Academy Trust, in fact, it's a bit like our heart beat. It is helping to bring our community together.

The best part about our music department is when all four schools come together to share our knowledge and skills and just have fun together making music.

In July, we will be holding a large summer concert in the main concert hall in the Lighthouse, Poole. Up to 500 children, from across the four schools perform to a sell out audience of 1400 adults, showcasing all our work from across the year. It is a **very** special evening!

We are writing to ask whether your organisation / charity would like to get involved through sponsorship of the event. This could be by making a kind donation towards the event and, as a thank you, we will mention your business/name at the end of the concert AND in the professional programme that is sold to the audience. Alternatively, you may prefer to pay to place an advert in the programme.

Quarter page £25

Half page £50

Full page £100

Premium full page £150 (inside front, inside back or back cover along with allocated space for a pull up banner stand within the foyer/bar area and a table to leave leaflets)

This is a professionally produced programme which we sell on the night to the audience of up to 1400 adults. A great captive audience!

Thank you for taking the time to read through this letter. We fully appreciate that you receive lots of funding requests and I do hope that you can help us in this instance.

Yours faithfully

R Turner
