Article 29: Children have the right to develop their personality and talents to the full.

24th April 2026

Dear Parent/Carer,

## Supporting Your Child with SATs Preparation

As you are aware, Year 6 have been working hard in preparation for their upcoming SATs. In school, we have a range of support in place to help the children feel confident and ready, including focused daily revision in lessons and targeted intervention groups.

With the tests now less than three weeks away, we would like to share an additional at-home resource that can be used to further support your child. Our home-learning platform, Atom Learning, provides opportunities for extra practice to embed and consolidate the learning taking place in school. Alongside the homework set by teachers, children can also access SATs-style mock tests directly on the platform.

To find these mock tests, please:

- Log in to your child's Atom Learning homepage.
- Select the 'Test' option from the top menu.
- Use the filters on the left-hand side to choose 'Year 6 SATs'.

We hope you find these resources helpful in supporting your child's preparation at home. By working together, we are confident that the children will approach the SATs feeling calm, confident and well prepared.

As a reminder, the SATs test week will begin on Monday 11th May.

Thank you for your continued support and co-operation.

Kind regards,

*G. McCloy*

Mrs McCloy  
Year 6 Leader

# How Atom Home can support your child

- ✓ 90,000 questions, videos and recorded lessons
- ✓ Mapped to the National Curriculum for Key Stage 2
- ✓ Helpsheets and tutorials for children to learn independently - no tutors required!
- ✓ Adaptive technology to support every child's goals at the right difficulty level
- ✓ Stay up-to-date with children's progress with detailed data insights
- ✓ Tailored exam preparation including unlimited mock tests

"My daughter used Atom for 5 months in the run up to her 11+. We loved the **abundance of material** and the ability to narrow it down to work on weaker areas. The **disaggregation of scores** into strong and weak areas and a tracker on average scores was very helpful. She used Atom for Maths, VR and NVR and enjoyed the software which had just the right "**fun factor**". She got into her **no. 1 school** Lady Eleanor Holles."
