YEAR 5 SPACE DOME

Dear Parents/Carers,

We are looking forward to welcoming your child into Year 5, and have on **Tuesday 8th September 2026**, arranged for them to visit an interactive Space Dome, run by Simon Ould, which will really bring our What's Out There topic to life! We are therefore asking for a voluntary donation of **£4.30** per child to cover the cost of having the dome in school for the day and for Simon's expert knowledge. We would also like to take this opportunity to thank PATCH for their generous contribution towards this experience.

The children will have a full-length session inside the dome, this will allow the children to maximise their time and truly appreciate the wonders of our universe. They will be able to see the stars, explore different constellations, and get up close to the different planets in our solar system and much more. Between presentations, the children will have a question and answer session with Simon, which will allow them to ask any burning questions that they might have.

*Please note that due to the transition from School Gateway to Arbor in the next academic year, all contributions must be made on School Gateway prior to the summer holidays as there is insufficient time for the finance department to set this up in Arbor prior to the trip taking place. Consent for your child to attend is also required via School Gateway prior to **Wednesday 15th July**. If we do not receive enough contributions for this wonderful visit, we may have to cancel it which will be a shame for our children.

This is a fantastic opportunity for the children and will really support their learning, and is an experience that they won't forget!

Many thanks,
Year 5 Team
