	# Stone Age to Iron Age Home Learning
Home Learning Task	For your home-learning this half term, we would like you to research something from the Stone Age, Bronze Age or Iron Age. For example, tools, weapons, food, farming, homes, hill forts or clothing.
What to do	Your chosen work should share facts which you find interesting. You can present your facts in any way you wish, such as a poster, PowerPoint, model or diorama.
Success Criteria	When creating your project, you must tell us about the following: • How it helped people live • How it changed throughout the ages • Do we still use it now?

To be completed and brought into school for the week beginning **Monday 7th December**
