

Marvellous Maya

Home Learning Task	Based upon your interests of our Maya topic research and present something of your choice.
What to do	Your chosen area of interest can be presented in any way that suits you! You could do; an infographic, instructions, illustration, annotated diagram or map of their empire, presentation, podcast, Scratch, poem, cookery or any other way you want to show your learning.
Success Criteria	To research an area of interest on Maya • Choose an area of interest e.g. Chichen Itza, temples etc • Include information about your chosen area • You might separate the chosen area into different sections and subheadings • Add any other information you think is interesting. • Present your work beautifully.

To be completed and brought into school before the end of the half term.
