Cut Your Carbon Month

Dear Parents/Carers,

As we continue our journey towards a greener and more sustainable future, we are excited to introduce the "Cut Your Carbon" month, a special initiative taking place throughout November. We invite all parents, carers, and students to participate and make a positive impact on the environment together.

Our goal is to reduce our carbon footprint collectively, raising awareness about the importance of sustainable living. By encouraging alternative modes of transportation and adopting eco-friendly practices, we can significantly contribute to mitigating climate change and creating a healthier planet for everyone.

To help you get started, we have attached a checklist of simple and achievable tasks, along with instructions on how to complete them. From reducing energy consumption at home to choosing eco-friendly transportation options, these small steps can make a significant difference when embraced by our entire school community.

Please print and complete the attached checklist, and send it by email or hand to the school office by December 4th to show your participation. The results of our school community's impact will be shared in an assembly.

Yours faithfully,

C. Tizzard M.shoebridge
